

Softie™ Shoe

Postoperative Shoe

The DARCO Softie Shoe was designed specifically for use after soft tissue procedures or trauma to the foot. This shoe is a very good solution for those looking for a comfortable, low cost, post operative shoe.

DARCO

DARCO® Softie Shoe Features and Benefits:

- › **Very soft, breathable upper** is made of a poly-cotton blend that conforms to bony abnormalities of the foot and provides cool comfort for patients.
- › **Time tested semi-rigid sole with MetaShank™** permits enough flexibility to ambulate, while protecting the metatarsal head.
- › **Easy closure- two hook and loop fastener straps** allow for simple entry/exit and fastens anywhere along the surface of the soft upper for even compression and security.

DARCO® Softie Shoe Indications:

- › Post Operative Healing
- › Presence of K-Wires
- › Trauma Care
