

# SlimLine™

## Cast Boot

The DARCO SlimLine™ Cast Boot can be adapted to fiberglass casts, bulky compression bandages and a variety of wound care applications, making it one of the most versatile cast shoes on the market. The NEW SlimLine™ has an EVA sole which provides a better experience for your patients.

# DARCO

#### NEW EVA Sole is:

- › Softer
- › More comfortable
- › Longer lasting
- › Provides less pressure & more secure footing

## SlimLine™ Features and Benefits:

- › **NEW EVA sole** is softer, providing less pressure on the foot and increased patient comfort.
- › **EVA** is more durable, lasts longer and provides more secure footing.
- › **EVA** is lightweight, less weight than the previous TPR sole.
- › **Square Toe Design** acts as a protective bumper and gives the patient more room to accommodate larger casts and bandages.
- › **Forefoot Closure** can be adjusted to accommodate casts or bandages and can be switched between left/right closure.
- › **Higher Ankle Strap** adds stability.
- › **PQ PegAssist™** (optional) can be used for additional pressure relief or off-loading if needed.

**Suggested Code: L3260**

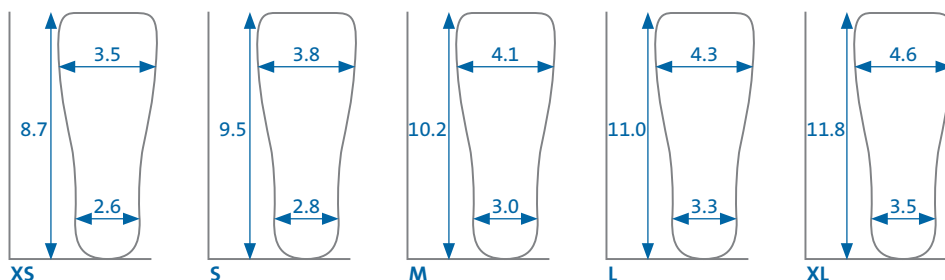

## SlimLine™ Indications:

- › Use with casts and compression bandaging of the foot and ankle
- › Surgery of the midfoot/forefoot
