

DARCO

GentleStep™

Extra-Depth Shoes

The DARCO GentleStep™ Extra-Depth Diabetic Shoes are Medicare approved extra-depth shoes designed specifically for the needs of certain patients with diabetes. The product conforms to the Medicare Therapeutic Shoe Bill and is sold as a pair of shoes.

www.darcointernational.com

Indications

- Patients diagnosed with diabetes
- Peripheral neuropathy
- Bony abnormalities of the forefoot

Contraindications

- Open fractures

Suggested Code: A5500,
L3216, L3221

The Benefits

Comfortable & Accomodating Fit

Light-weight, stretchable upper provides extra comfort for patients with forefoot deformities or lesions. A firm heel counter ensures a stable and comfortable fit. Available in 22 sizes and 3 widths.

Molded Outsole

Molded outsole conceals extra depth and provides a lower profile and enhanced style.

For diabetics
