

Pneumatic Night Splint

This plantar fasciitis night splint provides a gentle, sustained stretch to the plantar fascia and Achilles tendon with the easy-to-use Integrated Air System.

Fits right or left foot

Indications

- Plantar Fasciitis
- Heel Spurs
- Achilles tendon injuries
- Ankle Contracture

The Benefits

- **Integrated air system** holds your foot in a comfortable, inclined position. Allows the user to effortlessly control and adjust the level of stretch to suit their needs with the press of a button.
- **Internal air bladder** allows for infinite adjustments to suit any wearer.
- **Cotton terry cloth liner** ensures a cool, soft, and comfortable fit throughout the night.
